Command and Control "Vision"

Colonel "Rooster" Schmidle
Director, Expeditionary Force Development Center (EFDC)
Marine Corps Combat Development Command (MCCDC)

C2 Vision: Why

- **Increasing Joint and Combined C2 challenges and changing landscape**
- **Provide "one voice" for Marine Corps**
  - **Numerous major C2 efforts underway**
    - **Deployable Joint Command and Control (DJC2), Joint Battle Management Command and Control (JBMC2), etc., attended by Advocate and Proponent representatives**
- **C2 "guidepost" function for supporting technologies**
  - **Provide common reference point for Advocate and Proponent C2 initiatives**

C2 Vision: What

- **Conceptual C2 framework for EMW and supporting operational concepts (OMFTS, etc.)**
  - **Operational level complement to MCDP-6**
- **Grounded in and supportive of maneuver warfare philosophy**
- **Developed for CMC by the CEAB**
- **Endstate: Concepts, S&T, POM efforts aligned**

C2 Vision: How

- C2 Vision development vetted through Command Element Integration (CEI) OAG/C2 IPT
  - Operating Forces, Advocate, Proponent representation
  - Maintain a DOTMLPF thread throughout
- Presented to CEAB at major development milestones
  - CEAB, VTC, “Paper CEAB”
- Concurrent integrated architecture development

C2 Vision: Way Ahead

	Draft	Final
• C2 Vision	1 Feb 04	1 Mar 04
• POA&M	1 Mar 04	1 Aug 04
• Alternate Opt. Analysis	N/A	1 Nov 04

- C2 Vision Development Team:
  - Mr. Marty Westphal, Director C2 Integration Div, EFDC
  - Mr. Paul McNamara, Dr. Geoff Malafsky, TECHi2 LLC
  - Mr. Ray Cole, TAIC
